

# Energy Audit Program

## For Lower Energy Bills and Improved Energy Performance

### WHO is Eligible

Industrial and commercial facilities, State and local governments, not-for-profit and private institutions, colleges and universities, and K-12 schools are eligible. Facilities must have less than \$75,000 in annual electric bills to participate in the program.

### WHAT this Program Offers

This program provides energy audits for small businesses and other non-residential facilities to help them make informed electrical decisions and implement energy-efficiency strategies. Audits help identify improvements that yield electric savings.

Audit costs vary, depending on the customer's annual electrical bills:

### HOW to Apply

Please contact service providers in your region. An application form and a list of regional contacts is provided on the back.

Annual Electric Bills	Energy Audit Fee
Less than \$25,000	\$100
\$25,000 - \$75,000	\$400

**Note: Audit Fee is refundable if audit-recommended measures are implemented.**

### CON EDISON Gas Efficiency Program for Commercial Customers

Incentives are available for gas efficiency improvements at commercial facilities of Con Edison firm gas customers. Up to \$1 million in additional funds have been added to six New York Energy Smart<sup>SM</sup> programs administered by NYSERDA, including the Energy Audit Program.

### NEW YORK Energy Smart<sup>SM</sup>

All New York Energy Smart<sup>SM</sup> programs are funded by a System Benefits Charge (SBC) paid by electric distribution customers of Central Hudson, Con Edison, NYSEG, National Grid, Orange and Rockland, and Rochester Gas and Electric. NYSERDA, a public benefit corporation established by law in 1975, administers SBC funds and programs under an agreement with the Public Service Commission.

New York Energy Smart<sup>SM</sup> programs are designed to lower electricity costs by encouraging energy efficiency as the State's electric utilities move to competition. The programs are available to electric distribution customers (residential, commercial, institutional, and industrial) who pay into the SBC.

### SAMPLE SAVINGS

DESCRIPTION	COST	SAVINGS	PAYBACK (YEARS)
Upgrade Lighting	\$2,861	\$683	4.2
Install Programmable Thermostat	\$230	\$722	0.3
Install High Efficiency Motors	\$8,738	\$1,378	6.3
Install LED Exit Signs	\$400	\$103	3.9
<b>Totals</b>	<b>\$12,229</b>	<b>\$2,886</b>	<b>4.2</b>

If you are interested in initiating an on-site Energy Audit please either complete this form and return or fax to the appropriate auditor; or go to [www.nysersda.org/programs/energyauditform.asp](http://www.nysersda.org/programs/energyauditform.asp) to apply online.:
